Dear Tribal Citizens,

The Penobscot Nation Public Works Department will soon begin replacing the bridge on Lakeville Road that carries traffic over the East Branch of the Passadumkeag River. The bridge is in poor condition and needs replacement. The bridge replacement will include total replacement from embankment to embankment.

The bridge and road will be closed to traffic on both sides of the bridge from September 4, 2024, to October 18, 2024 or until further notice.

Your patience during this construction period is greatly appreciated. We apologize for any inconvenience caused by the project. If you have any concerns or questions, please do not hesitate to contact me by phone at (207)-817-7320 or email at David.pardilla@penobscotnation.org. We will provide updated construction schedule information during the project on the Penobscot Nation website.

Very truly yours,

David Pardilla
Public Works Director
